

“As we grow older, those of us fortunate to have been raised in Coldwater come to appreciate the blessings of our hometown and what it has to generously offer.”

- Dr. Robert W. Browne

ABOUT

Dr. Robert W. Browne and his wife Lynn made the financial commitment of funding up to \$15.1 million dollars for a major expansion of recreational facilities within the City of Coldwater. With the gift from Dr. Browne, the existing Recreation Gymnasium more than doubled in size. It now includes a multi-purpose floor that will be usable for a number of activities. The facility also includes an indoor walking track and community activity rooms.

Dr. Browne is the American success story. Coming from humble beginnings as a child in Coldwater, this distinguished alumni of the 1942 graduating class of Coldwater High School succeeded in serving his country as a WWII pilot. He returned from the war to put himself through dental school at the University of Michigan, eventually becoming an orthodontist, and ultimately a successful businessman and philanthropist in the Grand Rapids area.
